BIG BLAZE AT LYNN. ESCAPED BY JUMPING

That City Visited by a Most Disastrous Fire.

Factories Consumed

Some of the Largest Manufacturing Establishments Are Entirely Destroyed and One Dozen Dwellings Gone.

Lynn, Mass., Dec. 6.—The boilers of the P. J. Harney Shoe Manufacturing company of this city blew up Thursday morning and at least nine people were reported injured. The explosion, besides shattering the big four-story factory of the Harney company, wrecked several buildings near by in the crowded manufacturing district. A heavy southeast gale soon drove the flames beyond the control of the local fire department and help was called from Boston. In an hour two squares in the West Lynn district had been burned over, ruining the premises of more than half a dozen large business firms, mostly shoe manufactories, and destroying twelve dwellings on Charles street, principally occupied by negroes. The explosion occurred just as the factory operatives assemble for the day's work. It devastated the district in West Lynn bordering on Charles and Alley streets. Doctors and ambulances were hurried to the scene from all parts of the city, but with so wide a territory so suddenly stricken the work of aiding and collect the wounded and hunting for positively known dead was necessarily hampered. The first firms to be burned out or wrecked by the explosion were the P. J. Harney Shoe company, Tufts & Friedman's Shoe company, P. P. Hood, creamery, Boston and Maine West Lynn railroad station, Jacobs' Leather Stock company, M. J. Worthley Shoe company and twelve dwellings. The force of the explosion burst four machinery loaded floors of the Harney factory and lifted the roof. The wreckage spread outward, shattering the walls of near-by structures and aiding the flames, despite a heavy storm of snow and sleet that started early in the day. In a brief space of time the West Lynn station of the Boston and Maine railroad was on fire.

Unchecked by the wide gap occupied by railroad tracks, the flames reached the structures on the other side, licking up first the leather stock factory of the Jacobs company and then sweeping through the district covered by small wooden tenements.

The police reported that apparently no persons had been killed. The injured were taken to a hospital. Three of these were but slightly hurt and a hasty examination seemed to indicate the other six were not fatally hurt. The financial loss will be about \$450,000.

CAUSED BY CARELESSNESS.

One Man Is Dead and Three Others Sustained Injuries.

Houghton, Mich., Dec. 6.—Because a Finnish miner was careless with his lamp one man, William Goggin, was killed and three, Dennis Shea, John Sullivan and John Handley, were injured at the Quincy mine. Shea cannot live. The miner was splitting power in his hand when hot grease fell from the lamp, firing it. He became frightened and dropped the powder, burning into a box of powder, which was fired and caught fourteen other boxes. The explosion killed Goggin and threw Shea and Sullivan down the shaft, 200 feet, to the twenty-third level. The shaft is badly damaged from the eighteenth to the twenty-fourth level and operations are necessarily held up. Rescuing parties had great difficulty in bringing up the suffocating miners. Forty men of the night shift had gone down just before the explosion. It is not known how many men are yet down.

MUCH ROLLING STOCK.

Southern Pacific Railroad Has Placed Some Mammoth Orders.

San Francisco, Dec. 6.—The Southern Pacific Railroad company has just ordered the construction of about \$6,500,000 worth of new rolling stock and placed orders aggregating \$4,000,000 with different locomotive and car manufacturing concerns, so its equipment may be augmented as quickly as possible to meet the growing demands for more cars and more facilities for transportation. Compared with rolling stock now in commission, the prospective additions will amount in some cases to an increase of 25 per cent.

DEADLY DUEL.

Mortally Wounded, Culpepper Sends Bullet in Negro's Heart.

Memphis, Dec. 6.—A special to the News-Scimitar from Pine Bluff, Ark., says that J. F. Culpepper, former chief of police, and widely known throughout the southwest, was shot and killed in a pistol duel with a negro named Brook. After receiving mortal wounds Culpepper fired at the negro, sending a bullet through his heart.

Three Times Two Texas Cowboys Made Efforts To

LYNCH A NEGRO MAN

Passengers on Santa Fe Train in Kansas Prevented by the Cat-tle Punchers From Saving the Senagambian.

Topeka, Dec. 6.—Two Texas cowboys tried to hang John F. Lewis, a negro of Wichita, on a westbound Santa Fe passenger train between Lawrence and Topeka Wednesday. Three times they placed a rope around Lewis' neck, but each time he got loose, and after the third attempt jumped from the train and escaped. The Texans prevented the other passengers from interfering by flourishing revolvers. Lewis wore a Knight of Pythias pin, and the cow punchers said they did not like to see a "nigger putting on airs." There were no arrests.

BEAT UP "FINKS."

Schultze Said He Was Told by Finn to "Get Busy."

Chicago, Dec. 6.—The court room in which the trial of Cornelius P. Shea, on charges of conspiracy in connection with the teamsters' strike of 1905 is being conducted was almost stormed Wednesday by a crowd eager to hear the evidence. A special detail of police was necessary to control the throng.

Joseph Schultze, who pleaded guilty to charges of conspiracy at the same time as a similar plea was made by Young, was the first witness of the day.

Schultze declared that he was formerly a member of the Truck Drivers' union, and said that he was hired by Shea during the strike to act as a picket. His work, he said was done in the vicinity of the store of Montgomery, Ward & Co.

"I was hired by Shea," the witness declared, "by the request of Timothy Finks, a saloon keeper."

The witness declared that he received instructions from Finks, and that Finks told him not to allow any wagons to deliver goods to Montgomery, Ward & Co. He said that he was told by Finks to "get busy." He said that he stopped about ten wagons in one day.

Schultze testified that he received \$2 per day while acting as a picket, and said that he worked in a squad of ten men. He also testified that he heard Stephen Sumner, business agent of the Milk Drivers' union, who is on trial in the present case, tell of how Sumner had beat up a "lot of finks."

The prisoner was asked to define the word "finks." His efforts to do so caused much laughter in the court. He declared that in labor circles the meaning of the word was a non-union man who took the place of a union man on strike.

TEXAS ALONE OPPOSED.

New Constitution of National Farmers' Union Was Adopted.

Little Rock, Dec. 6.—The new constitution submitted to members of the National Farmers' Educational and Co-operative Union has carried by more than a three-quarters vote, according to an announcement by President C. S. Barrett here. Only one state, Texas, voted against the constitution. Arkansas gave a majority of 5 to 1, Louisiana, 3 to 1 and South Carolina, Indiana and California voted unanimously in favor of the new constitution. More than 700,000 votes were cast.

RIOT ON STREET.

Brought on by Boys Throwing Rocks at Minstrel Procession.

Memphis, Dec. 6.—The News-Scimitar says that a lively riot occurred on Market street between whites and negroes. While Billy Kersands' negro minstrel organization was passing in a body several white boys threw rocks into the ranks of the marchers. The negroes retaliated by throwing stones. Several white boys were injured. Edward Winter was struck by a rock thrown by a negro and rendered unconscious. Sheriff Montverde appeared on the scene, and with a revolver put an end to the disorder.

TERRIBLE CRIME.

Railroad Engineer Killed and His Body Put on Track.

Shreveport, Dec. 6.—At the police station information has been received from Leeville that Crystal Rachell, a railroad engineer or Orange, was killed and his body placed on the track of the Kansas City Southern railway, where it was run over and horribly mutilated.

TAFT'S REPORT.

Substance of What Secretary Says of Negro Troop Matter.

Washington, Dec. 6.—In his report about the negro troop matter Secretary Taft begins by giving the date of the outbreak, and citing the fact that prior thereto objection had been made by Senator Culberson to the stationing of the negro troops at Fort Brown. This protest was not favorably received by the secretary on the ground that there was at that time no basis for it, further than a certain amount of race prejudice of a sort common throughout the country.

Secretary Taft then proceeds to review in detail the incidents prior to the outbreak of the night of Aug. 13, and which served to create animosity between the white residents of Brownsville and the negro troops. The well known facts concerning the depredations of the troops during the outbreak are also given in detail by the secretary quoting the report of General Garlington, which already has been published. After noting that the order of discharge for the battalion recommended in General Garlington's report has been duly executed, the secretary states that ten men were discharged for the good of the service.

The secretary says that if it is found that innocent men have been dismissed, the president will be notified. The question of color, he declares, had nothing to do with the case.

DAUGHTERS MEET.

Texas Division Assembles at Bryan in Regular Annual Session.

Bryan, Dec. 6.—There is a large attendance at the annual meeting of the Texas division of the United Daughters of the Confederacy. Mrs. John H. Reagan was warmly welcomed. The president, Mrs. J. B. Dibrell, read a number of rulings. Mesdames Harrington and Clarke, daughters of the late Governor Ross, were invited to seats on the platform.

Memorial services were held Wednesday.

A letter written by the late Mrs. Jefferson Davis, addressed to the secretary of the Texas division of the United Daughters of the Confederacy, was read to the convention; also a letter from Mrs. John H. Reagan, and a motion passed that these be framed and hung in the museum at Austin.

Wednesday night delegates attended the opera house to witness "The Clansman."

INDIGESTION A CRIME.

Don't You Want a Keen Appetite and Perfect Health Once More.

Don't you want a keen appetite, vigorous digestion, strong heart action, pure blood, nerves of steel, and natural strength and health restored to you once more?

If you continue to suffer with the ills of indigestion, such as headache, backaches, sleeplessness, nausea and distress after eating specks, before the eyes, drowsiness and nervousness, now that you have been told of the good Mi-o-na stomach tablets will do you, then your indigestion is an absolute crime.

Mi-o-na will strengthen all the organs of digestion, so that you will get from your food the nourishment that is needed to support the vital forces and strengthen the nerve powers; the flagging spirits of mind and body will be rejuvenated; hope, courage and strength will be restored.

The fact that Mi-o-na is sold under an absolute guarantee by E. J. Jenkins to strengthen the digestive system and restore health, or he will refund the money, proves most clearly and strongly the great merit of this remedy.

Ask E. J. Jenkins to show you the guarantee he gives with every 50-cent box of Mi-o-na. This will show his faith in the remedy, and Mi-o-na itself will soon demonstrate its health-giving qualities.

DRAINAGE CONGRESS.

Many Noted Experts From the Various Sections Are in Attendance.

Oklahoma City, Dec. 6.—The National Drainage congress began a three days' session here Wednesday. Many irrigation and drainage experts from various parts of the country were present. Wednesday's programme included several papers and addresses.

Arthur P. Davis, assistant chief engineer of the United States reclamation service, spoke on "Engineering Problems of Reclamation." Other speakers were George D. Narsow, Barstow, Tex., on "National Irrigation a Fixed Quantity—Why Not National Drainage?" and James G. Melish, engineer of the Illinois drainage commission, on "Drainage Economics."

PATRICK ASKS PARDON.

He Drew Up the Application in the Sing Sing "Death House."

New York, Dec. 6.—Albert T. Patrick, under sentence of death for the murder of William M. Rice, has made application to Governor Higgins for a pardon. The prayer is formal, and means that the lawyer, who for five years has been making extraordinary fight for his life, has decided to heed the advice of his family and friends and will accept a commutation of his sentence to life imprisonment.

Patrick himself drew up the application in the "death house" of Sing Sing. It is of considerable length and analyzes with much detail his entire case, both from a medical as well as a legal standpoint.

Soon to Begin.

Paris, Tex., Dec. 6.—Work on this end of the Oklahoma Central road, between Paris and Red river, is expected to begin within the next few weeks. Dan Sween and John Sweeney, railroad contractors, have arrived in the city and are going over the right of way to the river, getting the lay of the land.

Dictating Reply.

Austin, Dec. 6.—At a late hour Wednesday night Senator Bailey began dictating to a stenographer his reply to the open letter addressed to him by Attorney General Davidson.

Slightly Improved.

Texarkana, Dec. 6.—W. J. Grissette, the express messenger who was murdered last Saturday night, is pronounced slightly improved.

Slain With Ax.

Cleburne, Dec. 6.—Arthur Green, a negro, was placed in jail, charged with the murder of Turner Bennett, also a negro. The two men had a difficulty at the county road camp, near Lillian. Bennett was struck on the head with an ax and died almost instantly.

THE U. D. C. CONVENTION

Third Day's Proceedings--More Reports Received--
Brilliant Social Functions--Program for Last Day.

Bright skies and crisp air lent an inspiring influence when yesterday morning's session of the United Daughters of the Confederacy was called to order by the president promptly at nine o'clock. The invocation was made by the Rev. J. Wendel Davis of the Episcopal church. The minutes were next read by the secretary and adopted by the convention with slight changes and corrections. The convention then got down to business.

The report of the Anniversary committee was made by Mrs. Fannie J. Halbert and accepted with a rising vote of thanks for the good and efficient work done.

Mrs. Bidwell next read the report of the Printing Committee, and was learned that the total for printing for division since the last convention, amounted to \$483.47. The report, with recommendations of the committee attached, was accepted with a rising vote of thanks.

In this connection the need of printing a larger number of Annals was discussed and referred to the proper department.

Mrs. Westbrook of Hearne reported for the Committee on the Children's Auxiliary, in the absence of Mrs. Moore Murdock, bringing forth much discussion and reports from the various Auxiliaries. The pressing need of correct teaching for the young of the South was the burden of the talk

corted to the platform by the Master of Ceremonies. Little Miss Margery Ray made a model report.

A telegram was read from Mrs. Murdock, stating that the duties of a grandmother prevented her attendance upon the convention. A motion was carried to send Mrs. Murdock a letter of congratulation.

The widow of Comodore Leon Smith tendered the gun and sword of her husband to the Museum, which valuable gift was accepted with thanks.

Mrs. Potter of Dallas was granted the privilege of the floor and gave her greetings and those of Dixieland. A resolution that Dixieland be adopted as the official organ was referred to the committee on resolutions.

Mrs. J. D. Roberdeaux made the final report of the Albert Sidney Johnston Monument Committee, reporting that the monument had been completed, accepted and unveiled. The report, which went into detail at some length, was received with a rising vote of thanks.

There was no report on the Col. William P. Rogers monument fund.

Mrs. J. B. Beatty's report for the Confederate Souvenir Committee was adopted.

Mrs. D. S. Killough of the Chicamauga monument committee was not in attendance and no report was made.

Mrs. Seabrook Sydnor made report for the Winkler portrait committee, stating that the portrait of Col. Winkler had been placed in the Confederate Museum at Richmond, and a considerable amount was on hand for the portrait of Mrs. Winkler. Adopted.

Telegrams of greetings from Margaret Jefferson Davis Hayes and Philip H. Fall were received with a vote of thanks. The telegram from Mrs. Hayes bore tender greetings. Greetings from a number of afternoon papers were received with a rising vote of thanks.

General H. B. Stoddard, in be-

half of the local U. C. V. Camp, tendered \$5.00 for the woman's home fund, which was paid to the fund by Comrade Mark Wilcox as treasurer of the local Camp J. B. Roberson.

Mention of the report of Mrs. Jas. L. Hazlett of Hearne, registrar, made yesterday, was omitted from the Eagle's reports. She attended to the important work of registration for the division, and her report was received with a rising vote of thanks.

The visiting ladies were tendered a brilliant reception yesterday afternoon at the home of Mrs. G. S. Parker. The latter was joined as hostess by seventeen other Bryan ladies. Last night another reception by the local lodge of Elk's at their club rooms. The officers of the division were in the receiving lines.

AFTERNOON SESSION.

Madam President was on hand promptly upon the hour and opened the afternoon session of the U. D. C. with the usual rap of the gavel.

Mrs. Valery Edward Austin was the first upon the platform to read her report as chairman of the Texas Member Shiloh Monument Committee. It was found that \$69.05 had been contributed, which amount was added to in the sum of \$10.00 sent by two northern ladies, for which a vote of thanks was taken. The report was adopted.

Mrs. S. T. Steele made an eloquent talk upon the Confederate Veterans' Wives and Widows Home; the talk, Mrs. Steele stated was designed only to open a discussion upon a subject so near all the hearts present.

By motion, further special reports were postponed till more of the delegates, who were a little late in assembling, should arrive. Then Mrs. Mary Hunt Affleck made a beautiful address. Mrs. Affleck said in part: "Moses was the first law giver, Cleopatra was the first woman politician. Law is necessary and so is the politician. Woman's influence is the leaven of purity in politics. Upon the hearts of Southern women falls the burden of large measures, good and true. Her sphere is influence. We do not need the new woman—we need good women to influence better men than the political grafter, in places of responsibility. The noblest idea of womanhood is the daughter of the Old South." A rising vote of thanks was given Mrs. Affleck for the beautiful thoughts she gave the convention.

Mrs. Fulmore next made her report for the General Tom Green Monument Committee, showing total donations of \$505.00. The report was adopted after some discussion.

The reports of the committee to raise funds for the Confederate Veterans' Wives and Widows Home were next read that of Mrs. Roguet showing \$1167.15; Mrs. Lane of Ft. Worth showing \$800.00; and Mrs. Cotton of San Antonio showing \$406.00. Mrs. Howard of Palestine read the general report and all were accepted with a vote of thanks. The general report showed a total to date of \$6521.77. The report of the treasurer of the Home committee, Mrs. W. P. Baugh showed a total for the year \$3840.50. Cash on hand from all sources as above \$6521.77. The report was adopted with rising vote of thanks at the splendid work done. By motion it was decided to postpone the rest of the afternoon business in order to give Mrs. Baugh time to place the needs of the home before the convention in the effort to raise subscriptions to meet these needs. The following amount approximately was raised up to the time of adjournment for the reception at four o'clock, \$500.00 and a number of pledges to furnish room in the Home in memory of some loved one.

Owing to the arrival of the reception hour the Wives and Widows Home was made a special order of

business this morning and the convention adjourned to meet promptly at 9 o'clock, a half hour earlier than usual this morning.

Just previous to adjournment two A. and M. boys in uniform, R. E. Hannay of Hempstead and E. C. Brooks of Wharton, were presented to the convention by Gen. Stoddard who expressed regrets on behalf of the two boys and the entire corps of cadets that the ladies did not visit the College as was intended. In response to a rising vote Gen. Stoddard escorted the young men to the platform where they gave the delegates a military salute, and the delegates who were standing responded with three hearty cheers and the waving of handkerchiefs. A son of Mrs. Dibrell, the president, is a student of the A. and M.

The simplest way is always best and yet we pass it by, to dabble with the tinsel things that fool and catch the eye.—Terrell Transcript.

Labor, like that great virtue called charity, is the concern of all mankind. All must depend upon labor for their existence; the poor upon the labor of his own hands; the rich, to a great extent, upon the labor of others. Labor soils the hands, and bends the back; but it does not blight the heart nor blot the conscience as idleness does.—Beaumont Labor News.

BUSTER BROWN OF TEXAS.

One feature of the entertainment that was enjoyed was the performance of "Buster Brown," the educated polo horse. Buster Brown is a full brother of Judge Thomas, who made the world's record of 3 1-2 furlongs in 40 2-5 seconds carrying 138 pounds, and both horses were bred and raised in west Tex. They are from Baird, Callahan County and were raised by Cris Seale. Buster is owned by E. H. Leache who is using the fair ground for training polo horses. He gave this morning an exhibition of the game on Buster and while the grounds were rough some very remarkable plays were executed. Nothing is known here of the game of polo but a great many cowmen who saw the performance said that the horse was the best reined they ever saw and his work after the ball was marvelous. As well as a polo horse Buster is about to graduate from Trainer M. Y. Webb's high school for horses and a short session was held by Trainer Webb and his pupil. Buster would kneel and lay down to be mounted, made a good record in arithmetic answered questions, picked up handkerchiefs and polo mallet for the rider, untied a hard knot and displayed good knowledge of military tactics by his marching. He is one of the best and his work this morning was watched with interest by all on the grounds.—Abilene Daily Reporter.

Buster Brown, was raised by C. C. Seale at Belle Plain, and his

original name was Jack Taliaferro. Mr. Seale sold the pony to E. H. Leach, of Boston, for \$500 and he has refused \$1,500 for him. He was trained for a polo pony and is said to be one of the best in the United States. Mr. Leach intends to take him to England about next March. Buster Brown, formerly Jack Taliaferro, is a wonderful horse and we shall watch his career with interest.—Baird Star.

Cooke of Alvin; Mrs. Frank Templeton of Ennis; Miss Lillie Wilson, Miss Sarah McGruder of San Antonio; Mrs. F. A. Lee of Bryan; Mrs. A. Fox of Corsicana; Mrs. Robt. Brewster of Houston; Mrs. H. P. Hook of San Marcos; Mrs. L. Fielder of Tyler; Mrs. Lucy Markam of Huntsville; Mrs. Elizabeth Thatcher of Columbus; Mrs. Lou J. Shamblin of Palestine; Mrs. Florence Cagle, Mrs. V. J. Malone of Orange; Mrs. W. J. Cloud, Mrs. Mary Rose of Junction City; Mrs. Edwin Richardson of Marshall; Mrs. Lizzie Eldridge of Houston; Mrs. J. W. McNutt of Calvert; Mrs. Cary W. Styles of Stephenville; Mrs. Lillian Bryan, Mrs. D. H. Rankin of Brenham; Mrs. E. H. Gunn of Gonzales; Mrs. I. F. Hamilton of Palestine; Mrs. J. G. Wheeler of Manor; Mrs. C. B. Barrow of Rusk; Mrs. Rosa Brown of Van Alstyne; Mrs. L. P. Hughes of Floresville; Mrs. J. F. Mathews of Chapel Hill; Mrs. E. B. Buford of Vernon; Mrs. Frank Hargan, Mrs. C. T. Moss, Mrs. N. H. Collins of Llano; Miss O. Hanna of Quanah; Mrs. Jefferson Davis, "not dead, but gone before."

The memorial address was made by Miss Kate Daffan. Miss Daffan said in brief: "A service of this kind is a privilege. To think of the dead is to be taught the lesson of love and of kindness. We meet once a year and devote one hour to precious memories. Many have passed beyond, good workers, staunch and true, while we are left to the labor of love. We feel that in the death of Mrs. Davis, ties in Heaven, made on earth, are strengthened. Patriotism is a form of gratitude, and gratitude is a noble trait in character. Let us be patriots. Let us thank God for those of the past, and let us thank Him for those who are left to us. Let this service be a tie that binds and let love have its perfect work. All honor to the dead, all blessings to the living."

Yesterday morning freight cars on the I. & G. N. spur track near the Garth, Howell & Webb lumber yard, were backed into a wagon unloading cotton seed and standing on the narrow space between the track and seed house, resulting in the wagon being practically demolished, one of the mules killed and the other probably fatally injured. The wagon and team were the property of George Oneal, colored.

Work is progressing slowly in filling the track gap on the Navasota-Mexia Central cut-off. There yet remain only two or three miles to be laid, but steel is very slow of arrival. The superintendent's headquarters car has been brought in from the front to Nelleve and located. The time is being put in surfacing and putting the laid track in condition for service.—Navasota Examiner.

NUMEROUS BIDS.

Eighteen Hundred Received by Mail on Thursday Morning.

Lawton, Okla., Dec. 6.—Eighteen hundred bids on the Indian Pasture lands reached here Thursday morning through the mails. At noon about 4,000 bids had been received, all told. Eastern and northern excursion rates are inducing a heavy increase of passenger traffic to this and other railway stations near the big pasture, and the next two days promise to be heavy ones at the bidding offices.

About 1,000 people reached the city Wednesday from St. Louis, Kansas City and more distant points. Perfect quiet prevails and Judge Witten has concluded not to call for troops from Fort Sill. It is the most peaceable opening of public lands in this territory or the west.

Prospective bidders are petitioned by Judge Witten to apply to the interior department for an extension of time during which bids may be filed. This results from the long delay of trains on account of the recent rains and the bad condition of roads leading to and through the big pasture. For a week it has been next to impossible for vehicles to be driven over the lands on account of the deep mud.

OPENING POSTPONED.

Sealed Bids Must Be Kept Closed Until Saturday Week.

Washington, Dec. 6.—Secretary of the Interior Hitchcock has issued an order postponing from the 10th to the 15th the opening of sealed bids for pasture and wood reserve lands in Kiowa, Comanche and Apache Indian reservation in Oklahoma. The secretary's action was taken because of the recent heavy rains and high waters in streams, which delayed mails and rendered it impossible for prospective bidders to examine lands.

HUNDREDS ON HAND.

Many Delegates at the Rivers and Harbors Convention.

Washington, Dec. 6.—Nearly 1,000 delegates are at Washington in attendance on the session of the National Rivers and Harbors congress. Harvey D. Goulder of Cleveland, the president, presides. Speaker Cannon and Representative Burton, chairman of the house committee on rivers and harbors, were among the speakers at the opening session.

The object of the convention is to secure an annual appropriation of \$50,000,000 from congress for systematic work in improvement of the nation's waterways.

Representative Joseph E. Ransdell of Louisiana, who made a tour of 20,000 miles around the country since the last session of congress on behalf of the rivers and harbors movement, said he found sentiment to be strongly in favor of a vigorous prosecution of waterways improvement as a remedy for the wholly inadequate transportation facilities now afforded by the railroads.

TO URGE APPEAL.

Gillette's Mother Wires Him to Take Courage and Trust in God.

Herkimer, N. Y., Dec. 6.—Chester E. Gillette, found guilty of the murder of Grace Brown at Big Moose Lake, has received a telegram from his mother, Mrs. F. S. Gillette, of Denver. The mother urged her son to have courage and trust in God, adding that she had wired to his attorneys to appeal the case. She promised that she and her father would be at Chester's side when the next trial took place.

TEXAS FEVER AND TICKS.

Convention Relative to These Matters Held at Nashville.

Nashville, Dec. 6.—A convention was held here for the purpose of considering the eradication of cattle ticks and the prevention of Texas fever in the south, there being present authorities of the bureau of animal industry and representatives from Virginia, North Carolina, South Carolina, Kentucky, Tennessee, Georgia, Tennessee, Alabama, Florida, Mississippi, Arkansas, Oklahoma, Louisiana, Texas and California. About fifty persons were present.

Colonel R. F. Wright, assistant commissioner of agriculture, whose headquarters are in Georgia, was elected chairman, and Dr. W. P. Ellenberg of this city secretary. Addresses were delivered by Dr. A. D. Melvin, chief of the Federal bureau of animal industry; Dr. R. D. Steddom of the same bureau; Professor H. A. Morgan, director of the Tennessee experiment station at Knoxville; P. McCabe, solicitor of the bureau of animal industry, and many other men.

APPEALS TO BANKS.

Shaw Asks Them to Forward to Treasury Silver Certificates.

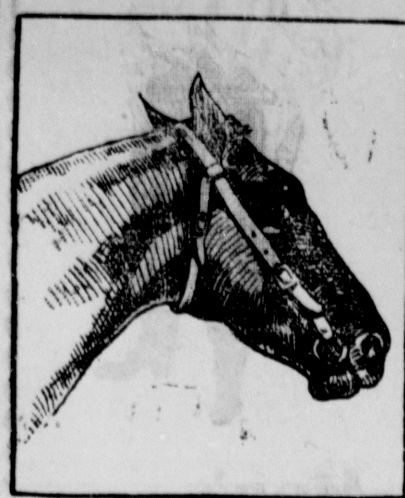

Washington, Dec. 6.—The secretary of the treasury has issued the following to all banking institutions of the United States:

"A very marked scarcity of small bills is noticeable everywhere and the treasury is powerless to relieve the situation. In the absence of legislation allowing national banks to issue a larger proportion of their circulation in the denomination of \$5 the banks themselves must be relied upon to alleviate the strain as far as possible. There are in circulation nearly \$15,000,000 in silver certificates of the denomination of \$10. Many of these doubtless are packed away in vaults of various banks and held as reserve. Permit me to respectfully ask that each institution, state and national, search for money in its vaults and send these \$10 silver certificates to the treasury. They will promptly be converted into \$1 and \$2, to the very great relief of the country. It is the only remedy. Let no bank complain of conditions until it has literally searched its own vaults and contributed as far as possible to the relief of the situation."

WON ON MERIT.

Memphis Gold Cup Dispute Has at Last Been Settled.

New York, Dec. 6.—The Memphis gold cup dispute was officially ended Wednesday when the board of review

LOU DILLON.

of the National Trotting association decided that the trophy had been won on merit, and dismissed the charges against E. E. Smathers of New York.

PASSES THREE BILLS.

Important Measures Were Favorably Acted Upon by House.

Washington, Dec. 6.—The house, waiting on the report of the appropriation bills, began its legislative grind by passing three measures incorporating the National German Alliance, authorizing the secretary of the treasury to duplicate gold certificates in lieu of the ones lost or destroyed and the bill amending the national banking laws permitting national banking associations to make loans on real estate as security and limiting the amount of such loans.

The banking bill has been one of the west's favorite measures, and the leaders of the house from that section lined up generally in favor of the legislation which, it was asserted, would go far toward popularizing the national banks. The opponents of the bills, Democrats and Republicans, insisted that real estate was not a proper security for a loan, even though a limit was placed on the loan. The advocates of the measure were too strong, and the bill was passed two to one.

ST. JOHN DEAD.

Prominent Newspaper Man Dies of Apoplexy at Oklahoma City.

Oklahoma City, Dec. 6.—Harry St. John, a newspaper man, who came here from Chicago several weeks ago, died of apoplexy in the public library here, aged thirty-five years. He was editor of the Vicksburg American when it was founded, and afterwards was employed on papers at Jackson, Miss. He served with the Second Mississippi volunteers during the Spanish-American war.

SECRET SESSIONS.

Believed to Be For Settlement of Railway Clerks' Strike.

New Orleans, Dec. 6.—Representatives of the Brotherhood of Railway Trainmen, Brotherhood of Locomotive Firemen and the Order of Railway Conductors, employed by the Southern Pacific railway between New Orleans and El Paso Wednesday began a series of joint meetings in this city. The sessions were executive, but were believed to be for the settlement of the strike of the Brotherhood of Railway Clerks of the Southern Pacific.

Killed by Train.

Sapulpa, I. T., Dec. 6.—Frank C. Yates, a brakeman, was killed here by a train.

WRECK NEAR ROCKWALL.

Fourteen Cars Smashed to Pieces and Man Seriously Injured.

Rockwall, Tex., Dec. 6.—A Missouri Kansas and Texas freight train, north bound, was wrecked just beyond Rockwall, and fourteen cars were smashed to pieces.

E. V. Franks of Raines county, an immigrant, in charge of household goods, was badly injured, and may die.

The accident was due to a broken flange on a car wheel. The engine and caboose remained on the track and none of the trainmen were injured.

SEVERANCE SECURED.

Powell Is Now Being Tried in Condit Murder Case.

Victoria, Tex., Dec. 6.—The case against Felix Powell and Monk Gibson, brought to Victoria county from Jackson county on a change of venue, was called for trial Wednesday.

These two defendants are charged in the case on trial with the murder of Mildred Lee Condit, near Edna, in the county last named, on Sept. 28, 1905.

A severance was granted, and Powell placed on trial. The jury was secured and adjournment taken until Thursday.

Abandoned Barge.

Philadelphia, Dec. 6.—Captain Larsen of the steamship Florida, which passed in Delaware Breakwater from Sabine Pass, Tex., reports he abandoned on Monday the barge Providence, which he had in tow for Claymont, Del. The captain reports the crew of the barge was taken aboard the Florida and that when abandoned the vessel was in a sinking condition.

Action Ratified.

Washington, Dec. 6.—The house ratified the action of the Democratic caucus and placed on the rolls Paul D. Porter of Mississippi to succeed the late Colonel Isaac R. Hill as a special officer of the house.
